

# Lemon-raspberry and hazelnut cake

 120 min.  560 kcal

 SteviaSweet Granulated

## Preparation

Preheat the oven to 200 °C.

Melt the butter and let it cool down somewhat. Mix together the dry ingredients, spices and **SteviaSweet Granulated**. Pour the butter into a mixing bowl and add eggs and yoghurt. Use a whisker to mix intensively. Add dry ingredients and mix the dough until even. Pour the dough into a greased cake tin (Ø 20-22 cm) and bake in the middle of the oven for 35-40 minutes. Let the cake cool down.

Mix together the crème fraîche and **SteviaSweet Granulated**. Grate in the lemon zest and add the mascarpone. Carefully mix the ingredients together into an even paste.

Split the cooled-down cake onto two plates. Mix together the lemon juice, water and **SteviaSweet Granulated** and moisten the plates with the liquid. Spread 1/3 of the lemon cream on top of the base, put some of the raspberries inside the cake and cover with a lid. Spread the rest of the cream over the top and decorate the cake with raspberries and hazelnuts.

## Ingredients for 8 - 10 servings

150 g	butter at room temperature
200 g	natural yoghurt
2	eggs
195 g	wheat flour
50 g	ground hazelnut (or ground almonds)
